

SMB Secure Remote Work

Kloudynet

Microsoft Silver Partners

Are you a business with 300 or less staff? Are you impacted by COVID-19 work from home policy?

CHALLENGES

- SMBs losing business and productivity from the sudden work-from-home policy due to COVID-19
- Getting one stop solution to get 100% ready to be business as usual
- Security for desktops, PCs and BYOD
- Access internal legacy applications from home securely
- Providing new laptops to the staff in a short time who had dedicated workstations in office earlier

OFFERING BENEFITS

- **Per user per month pricing inclusive of licensing, deployment and support**
- Pricing includes **Microsoft 365 Business Premium** license for each user
- Get 100% ready in **2 weeks!**
- Microsoft Teams for **virtual meetings** and conferences
- Secured access to data and apps from **any location** from **any device**
- Personal **data backup** via 1TB OneDrive for business
- **Document management** and sharing
- Completely **managed PCs**
- Security of company data with **restrictions on copy/paste/save data** to personal apps
- **Remote wipe company data** from lost or stolen devices
- **Information protection** on sensitive documents

WHY KLOUDYNET?

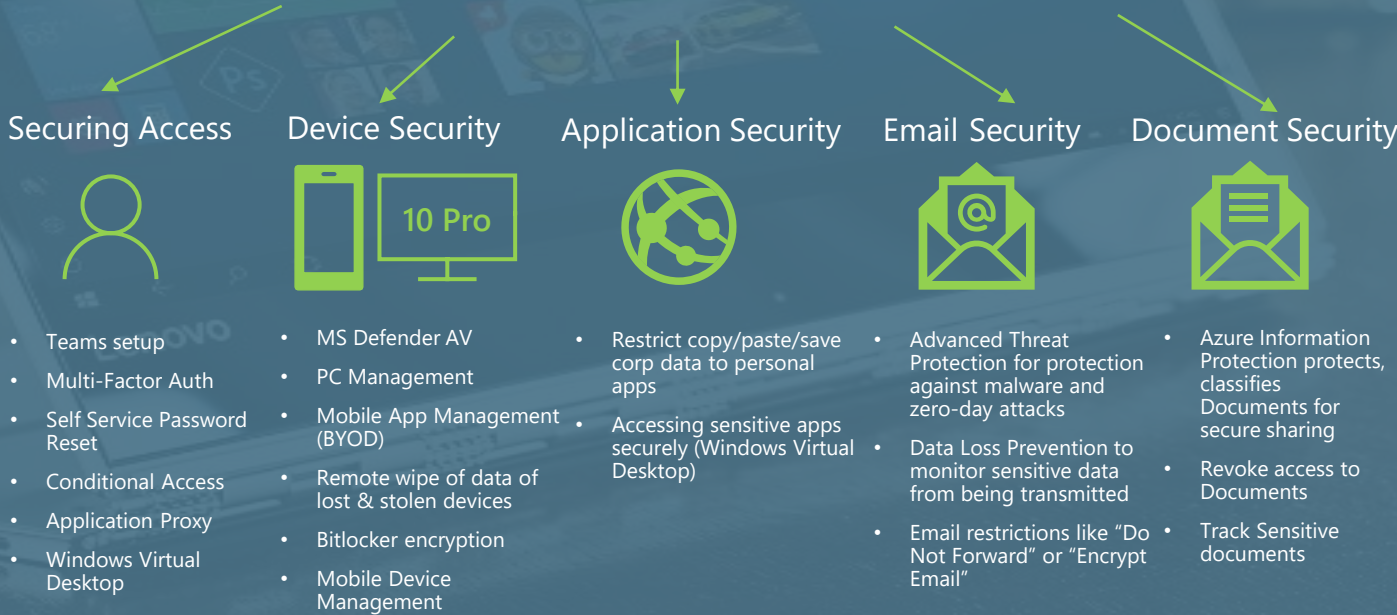

- Certified Microsoft Consultants
- SME in Microsoft 365 and cybersecurity deployments
