

# MICROSOFT AZURE SERVERLESS – Workshops & Assessment\*

## Are your Applications optimized for running on the Cloud?

\*Offering designed to be delivered remotely or onsite at customer location

### Why go Serverless?

- **Increase Developer Velocity:** Automated and flexible scaling based on your workload volume, keeping the focus on adding value instead of managing infrastructure
- **Integrated programming model** based on triggers and bindings that help you respond to events and seamlessly connect to other services
- **Accelerate time to market:** End-to-end development experience, from building and debugging to deploying and monitoring with integrated tools and built-in DevOps capabilities

## Microsoft Azure Serverless – Workshop & Assessment (2 Days)

- Understand the meaning & power of Serverless –discover how you can build applications faster, lower cost of operations & free up developer time from architecture design & maintenance & focus on logic development
- Perform a hands-on lab to set up a serverless environment for an Application with the help of Azure functions, Logic Apps and DevOps
- Get insights & recommendations regarding the Applications in your environment that can be setup as Serverless

### DAY 1: FUNDAMENTALS

Consultant will kick off the engagement, conduct key Serverless capability workshop on Microsoft Azure platform, and perform lab preparation

### DAY 2: HANDS ON LABS

- 3-4 lab activities using Azure Functions, Logic Apps, Event Grid, Cosmos DB, Azure Storage
- Assessment of Client Application Environment

### GAP ANALYSIS DELIVERABLES

- Gap Analysis
- Findings and recommendations
- Closeout
- Questions

### WHY KLOUDYNET?

When it comes to application modernization on the Cloud, you need an experienced partner.

kloudynet Technologies is a Microsoft Silver Partner in app dev. We have certified Azure developers and consultants working with customers in the region with their application modernization journeys. Our developers have years of experience in software development, workshop delivery and also have deep expertise in Azure Serverless

We are proud to have partnered with companies such as PETRONAS, AXIATA, Maybank, Jurong Port, MISC and CELCOM on various App Modernization Projects, and are always striving to deliver cutting edge solutions at great value.
